Summary

Front-End Developer completing an MS in Information Systems (Dec 2026) with hands-on experience building responsive React applications. Skilled in JavaScript, React, and UI optimization, with a foundation in team leadership and workflow efficiency from managing kitchen operations at Google.

Technical Skills

- **Languages:** JavaScript (ES6+), HTML5, CSS3, Python, Java
 - **Frameworks & Libraries:** React, React Native, Node.js, Bootstrap, Tailwind CSS
 - **Build Tools & Version Control:** Vite, Babel, Git, GitHub
 - **Testing & APIs:** Selenium, Firebase, RESTful APIs
 - **Design & UX:** Responsive Design, Mobile-First Development, Component-Based Architecture, CSS Animations, UI/UX Principles
 - **Workflow & Collaboration:** Agile/Scrum, Jira, Slack, Microsoft Teams
-

Education

Northeastern University | Master of Science in Information Systems - expected December 2026

- Relevant Coursework: Database Management, Automation, Application Testing, UI/UX Design

Rutgers University | Bachelor of Arts in English Literature, minor in Psychology - Graduated 2019

Projects

Tarot Card Reader | [View App](#) | React, Vite, JavaScript

- Built an interactive tarot card reader with custom CSS flip animations, hover states, and staggered reveal timing that mimics a physical card draw.
- Optimized mobile and desktop layouts using responsive grids — ensuring smooth performance across devices.

- Implemented dynamic interpretation logic with card reversal probability to personalize each reading.

Photography Website | [View App](#) | HTML, CSS

- Designed a minimalist black-and-white photography portfolio with mobile-first responsive layouts.
- Integrated EmailJS for direct contact form submissions with client-side validation — no backend required.

Other Work Experience

Kitchen Utility Lead

Compass @ Google - Seattle, WA

December 2025 - July 2026

- Maintaining dish room logs for proper temperatures, sanitizer solution, and other things according to company, state, and local laws.
- Ensuring break schedules are followed.
- Assisting in other cafes when needed.
- Delegating tasks, arranging the workflow in the dishroom for maximum efficiency and safety.
- Training new employees, coaching, and offering support for team members.

Line Cook

Compass @ Google - Seattle, WA

May 2025 - December 2025

- Cooked and prepared food according to state and local regulations.
- Maintaining temperature logs, screening logs, and other quality control paperwork for food and ingredients used according to company standards.
- Followed recipes, organized ingredients, and dish components to ensure dishes were ready for service.
- Operated the salad bar.
- Offering fast and friendly service to the users.

Dishwasher

Compass @ Google - Seattle, WA

July 2024 - May 2025

- Adhering to rules and regulations in a corporate environment.
- Cleaned dishes, cups, and silverware to standard.
- Maintained machines, replaced chemicals, and performed daily cleanings as needed.
- Kept logs of temperatures and cleaning tasks daily.
